

Input Requested for Alternative Fuels Compressor Operator Level 1 & Level 2 Exams

Input Requested for Alternative Fuels Compressor Operator Level 1 & Level 2 Exams

Date: 07.24.15

The first issue is revising the **Alternative Fuels Compressor Operator Level One Exam**. [A document](#) [1] Jennifer Cartwright of CareerTech developed to inventory the number of exam questions with answers she currently has for the new **Alternative Fuels Compressor Operator Level One** exam and identify questions still needed for the test bank. Jennifer would like your input for test questions with answers. Input from technicians performing the work is especially helpful. If you would like to participate, please contact Jennifer by email for guidelines. **Jennifer must have your written contribution for compressor operator level one no later than August 3, 2015.**

The second issue is revising the Alternative Fuels Compressor Operator Level Two Exam. [A document](#) [2] Jennifer developed to determine the frequency and criticality of duties for a level two compressor operator. **Please follow Jennifer's instructions below on how to complete this document, then email it to her no later than July 28.** Jennifer also needs your help with questions and answers for this exam. Again, please contact her by email for guidelines. **The deadline for level two exam questions is August 10.**

Jennifer Cartwright's email address is: Jennifer.Cartwright@careertech.ok.gov [3]

A special meeting to complete Compressor Operator Level One revisions will be held at the Oklahoma Department of Labor, 3017 N Stiles, Oklahoma City, on **Monday, August 10, 2015 at 8:30a.m.**

A special meeting to complete Compressor Operator Level Two revisions will be held at the Oklahoma Department of Labor, 3017 N Stiles, Oklahoma City, on **Thursday, August 20, 2015 at 8:30a.m.**

The goal is to have these exams completed and in place September 1, 2015. Your input is critical to providing a fair and equitable testing experience. Thank you for your participation.
